**Positive Digital Footprint**

## Ripples of your Online Actions

### **An Action Online**

*(i.e., Posting that you won your soccer game)*

### **How it Affects your Friends and Family/our Class/our School**

*(i.e., Makes your parents proud, but they're concerned you're sharing too much information)*

### **How it Affects your Community**

*(i.e., People get to know about your winning team, and may want to sign up next season)*

## **How to Create a Positive Digital Footprint!**

- Being kind and respectful toward others at all times.
- Keeping posts positive (e.g., highlight special skills, achievements, helping other people, etc.).
- Humour is a common and great tool, but remember to be careful! Keep humour light and positive by avoiding sensitive topics; and never use humour to get a laugh at someone else's expense.

***Can you think of additional ways to build your positive digital footprint?***

**Go positive, not personal!**

Remember to always keep your personal information private, even when creating a positive digital footprint.
